City/Town Location: Boston

Facility Location: One South Station

Region: Boston

Application Deadline: 02/15/2005

Posting ID: 3574

Duties:

The primary purpose of this position is to collect, analyze and interpret economic data to make recommendations relative to economic policies and plans. Incumbent will forecast economic trends and conditions; plan and conduct research studies on economic conditions and prepare reports interpreting the results; direct major phases of large and complex economic research programs by designing research studies and by devising methodology for evaluating data collected to determine economic conditions in the state, individual areas and communities; monitor and evaluate economic programs and priorities by preparing statements of economic goals, objectives, policies, and/or forecasts based on integrated economic analyses to determine if objectives are being met. Perform related duties as required.

Qualifications:

Minimum Entrance Requirements: Applicants must have at least (A) four years of full-time, or equivalent part-time, professional experience in the field of economics, or (B) any equivalent combination of the required experience and the substitutions below.

Substitutions:

I. A Bachelor's degree with a major in economics may be substituted for a maximum of two years of the required experience.*

II. A Graduate degree with a major in economics may be substituted for a maximum of three years of the required experience.*

III. A Bachelor's or higher degree with major other than in economics may be substituted for a maximum of one year of the required experience.*

*Education toward such a degree will be prorated on the basis of the proportion of the requirements actually completed.

Special Requirements: None.

Preferred Qualifications:**Comments:**

This is a civil service position. If there is no civil service list for this title, employees appointed must take and pass the next Civil Service examination when administered.
